Overview of Concentration Requirements
Students pursuing the concentration must be HAVC majors and have taken at least one HAVC course from the “Concentration Courses” list before declaring the concentration (see page 2 for list). In the process of fulfilling the HAVC major requirements, students in the concentration must complete four courses related to curation/heritage/museums; at least two of these courses must be HAVC courses and no more than one can be a lower-division course. The department strongly recommends taking an internship course (HAVC 198/198F, 193F) in addition to the course requirements.

Lower-Division Requirements (four courses)
Four courses, each from a different geographic region (two of the four must be completed prior to declaring the major)

* HAVC 80 may be used to fulfill a lower-division requirement for one of the following geographic regions: 10s (Africa), 60s (Native Americas), or 70s (Oceania).

Upper-Division Requirements (nine courses)
In completing upper-division coursework (HAVC 110-191), students must successfully complete one upper-division course from each of the two geographic regions not studied as part of the lower-division regional requirement

a) HAVC 100A, Approaches to Visual Studies (term completed)
   * This course satisfies the Disciplinary Communication (DC) general education requirement

b) HAVC 110-191, seven courses

Not every class listed is offered every year, so it is important to consult the annual HAVC course offerings list carefully to plan your schedule. If you are interested in study abroad, UCDC, etc., you will need to plan accordingly. If you have questions, consult with the instructor, the HAVC undergraduate advisor, and/or your HAVC faculty adviser. Periodic meetings with your faculty adviser will help you to construct a coherent academic program through the major and the CHM concentration.

Disciplinary Communication Requirement
Students of every major must satisfy that major’s upper-division Disciplinary Communication (DC) requirement. The DC requirements will be met with HAVC 100A.

Senior Comprehensive Requirement
All seniors must complete one seminar, 190–191, as their “senior exit” course to satisfy the senior comprehensive requirement. Seminars can be taken for senior exit credit only by permission of the instructor. Within the context of this advanced seminar, students will produce carefully supervised work culminating in the completion of a written project that meets the standards of the senior level of achievement in the major. Seniors enrolled in a HAVC seminar who would like to take the class to fulfill their senior comprehensive must have the instructor’s permission. Students must submit a signed Senior Exit Requirement petition form (available in the HAVC office) to the HAVC undergraduate advisor by the end of the third week of the quarter.

Transferring Courses Toward the Major
Students may transfer up to 5 courses towards the major: 3 lower-division courses and 2 upper-division courses.

Letter Grade Policy
Major requirements must be satisfied with coursework completed with a Pass (must be equivalent to a 2.0 or higher) or grade of C (2.0) or better.
